

SOCIETY FOR CYCLADIC STUDIES

Academy of Athens Prize

Third Circular

3rd INTERNATIONAL CYCLADOLOGICAL CONFERENCE

The Society for Cycladic Studies after the successful organization of the Third International Cycladological Conference entitled “The Cyclades through time: Space-People”, on Hermoupolis, Syros, from 25 to 29 May 2016, would like to thank all participants for the high level of their presentations.

In order to proceed to the final stage for the preparation of the publication in subsequent volumes of the *Epeteris/ Yearbook*, a deadline has been set for the articles’ submission by the **31st of October 2016**.

The alteration of the original deadline set in the first circular, provides everyone a little more time to submit the articles within time, according to the publication guidelines described in detail in the attached document.

Due to the large number of the participations, 136 oral announcements and 25 posters, a maximum word limit has also been set.

For the oral presentations a maximum of **7000 words** upper limit has been set including footnotes and bibliography, which may be accompanied by up to 15 black and white graphics and images.

For the posters a maximum upper limit of **3000 words** has been set including footnotes and bibliography, which may be accompanied by up to 5 black and white graphs and images.

The participants are kindly requested to assist the Editorial Committee to this difficult, final stage for the preparation of the publication by submitting their work promptly by the suggested deadline, and in accordance to the publication guidelines so as to facilitate a short time for the editing and for the publication of the Proceedings early in the following year 2017.

Society for Cycladic Studies, Pheron Str. 7, 10434 Athens, Greece
